

IMPORTANT INFORMATION REGARDING THE IBLJ WEBSITE

Closure of the IBLJ online service

We are migrating the online service of IBLJ to our eBook platform, ProView, at the end of December 2021. Due to technical issues with the online service we have decided to close down this website and instead we will be publishing the content on ProView which we are confident will provide a better user experience for our subscribers.

Introducing ProView

Our eBooks on ProView have been designed to meet specifically the demands of legal professionals. ProView lets you interact with your legal publications using a tool that has been specifically designed for the job at hand. ProView allows you to download your legal publications for offline viewing without the need to install any additional software; add your own notes and annotations just as you would do to the hard copy version of the publication; email, print and share text using the copy and paste tool; and, much more. Full details regarding the functionality offered by ProView can be found [here](#).

IBLJ on ProView

All the content currently available on www.iblj.com will be available on ProView. The print and CD services will continue as at present.
